

Agency Specific Waiver #3 – Modify the Income Verification Hierarchy (HCV and PH)

Notice PIH 2018-18 requires PHAs to use EIV as the first level of income verification and the FWHA will continue to utilize the EIV system as required. However, to streamline the collection of retrospective (prior year) income information to effectively administer the Stepped Rent Policy (Waiver 1.c and 1.d) the FWHA is requesting an Agency Specific Waiver to modify the Income Verification Hierarchy for families participating in the Stepped Rent policy.
